

PERSHING TO HEAD WAR STAFF

"Instant Preparations in Time Of Peace For Active Military Operations" Reason Given

General Pershing To Have A Skeletonized Staff of War Experts

Organization Addition to Chief Of Staff's Department

(By Associated Press)

Washington, April 21.—Organization of a war staff headed by General Pershing to take charge of field operations of the armies of the United States in time of war was announced today by Secretary Weeks.

"Instant preparations in time of peace for active military operations" was given by the secretary as the reason for the new organization.

The organization headed by General Pershing will be entirely separate from the office of the Chief of Staff. Mr. Weeks said, which will continue to direct the administration of the military establishment in time of peace.

General Pershing will have a skeletonized staff which will correspond to that at Chaumont during the world war and which will concern itself entirely with problems of strategy, tactics and war organization.

(By Associated Press)

New York, April 21.—Officials of the American Civil Liberties Union here stated today that they had been advised "Big Bill" Haywood for whom Federal authorities are searching had arrived in Russia. This information, it was said, had been supplied by friends of the I. W. W. leaders.

KNOX MEASURE UP NEXT WEEK

(By Associated Press)

Washington, April 21.—The Knox resolution to end the state of war was taken up today by the Senate foreign relations committee, but final action deferred until Monday. Senator Knox said he expected the resolution to be reported to the Senate at that time and consideration begun almost immediately.

APPEAL IS PRESENTED TO HARDING BY FARMERS

Ask President to Assume Vigorous Leadership

Declare Selfish Interests Victimizing Farmers of the U.S.

(By Associated Press)

Washington, April 21.—President Harding was asked today by the National Farmers Union Convention here to call a conference of representatives of the basic industries to meet with representatives of the railroads, labor and agriculture "in an effort to correct the industrial evil from which the whole country is suffering."

The request was embodied in a memorial presented to the executives at the White House by delegates from the convention who were accompanied by a number of senators and members of the House.

The president was asked to "assume a vigorous and determined leadership in the work of bringing out of a chaotic condition an industry which must be restored to its pristine glory if anything like normal conditions are to prevail in the workshop and factories of our land."

Reduced railroad rates were especially urged by the delegation. The memorial declared that it was impossible for the farmers to market their products without incurring a loss. It was added that "the consequence is that while millions of tons of food rot in the fields or are held in the barns or other place of storage scores of thousands of our children in the cities are unable to obtain food sufficient to nourish their little bodies."

The farmers said they were the "innocent victims of an economic situation system manipulated, we fear, by shortsighted and selfish interests."

DREAM OF GOLD IS REALIZED

(By Associated Press)

Salem, Va., April 21.—Henry Dameron, 25, descendant of pioneer Virginia settlers, who worked on his uncle's mountaintop farm near here from sunup to sundown at \$10 a month often dreamed, he said, of finding a treasure and buying a farm of his own.

April 9, while plowing near the foot of Brush's Mountain, his plow unearthed a peculiar looking object. Investigation revealed it to be a small metal pot, wrapped in buckskin, containing gold and silver coin valued at \$14,903. About thirteen thousand dollars was in gold, \$600 in silver and the balance in currency so badly disintegrated that the denominations could not be distinguished. The latest date on any of the coins was 1823.

Young Dameron was fearful that his fortune might be taken from him and kept his discovery a secret until today.

TORNADO BURIES FAMILY IN HOME, BUT THEY ESCAPE UNHURT

Walter Dewberry and family on top of what is left of their home.

When the recent tornado swept through the west it left the home of Walter Dewberry and his family, near Texarkana, a scattered pile of lumber. Neighbors, rushing to the house after the storm, believed the family which was known to be indoors at the time to be dead, but every member had escaped unhurt. Dewberry's glasses had remained undisturbed on his nose.

GERMANY ASKS UNITED STATES TO MEDIATE ALL REPARATIONS

ATTACK MADE UPON HARVEY

Senator Compares Col. Harvey With "Hell Hounds"

Denounces U.S. Ambassador As Unfitted and Unsuitable.

(By Associated Press)

Washington, April 21.—Senator Harrison, Democrat, Mississippi, charged today in the Senate that the appointment of George Harvey by President Harding, as ambassador to Great Britain, was a "reward for his efforts" to discredit the Wilson administration.

The Mississippi Senator said Mr. Harvey's "pursuit of Wilson through his journal and otherwise are only comparable to Milton's 'Hell hounds' that were stationed at the gates of the infernal regions'."

He added that the Ambassador had "no equal as a creator of prejudice and a stirrer of strife" and that he was "a vindictive, self-anointed, intolerant political accident."

Senator Harrison said he feared Col. Harvey's arrival in London would cause Great Britain and other nations to believe that "he will use whatever influence he may possess and the power of his position in attempts to destroy the League of Nations."

"There never was such an untrained and unfit individual in all the history of mankind by training, temperament and environment to take up the important duties as our representative at the Court of St. James as Col. Harvey," he declared.

Germany Refuses To Transfer Gold Reserve

(By Associated Press)

Washington, April 21.—The American Government refused today an urgent request of the German Government that President Harding mediate the question of reparations between Germany and the Allies and fix the sum Germany is to pay.

The United States agreed, however, that if the German Government would formulate promptly such proposals regarding reparations "as would present a proper basis for discussion," it would consider bringing the matter to attention of the Allied Government in a manner acceptable to them in order that negotiations may speedily be resumed.

The appeal was answered by Sec'y. Hughes after a conference late today with the President.

(By Associated Press)

Berlin, April 21.—The German government has formally asked the president of the United

States to mediate in the reparations question.

The note embodying the request was forwarded Wednesday by the American Commissioner in Berlin to the State Department in Washington.

It was signed by Chancellor Fehrenbach and Dr. Walter Simons, the foreign minister.

The appeal pledges Germany to accept the mediation without reservation and to fulfill absolutely any award President Harding may make after examination and investigation into the subject.

(By Associated Press)

New York, April 21.—Night traffic policemen harnessed in small editions of the signal light towers now used to regulate traffic in Fifth avenue, soon are to be employed at busy intersections in outlying districts of the city, Special Police Commissioner Harris announced today.

One hundred sets of this newly devised apparatus, which consists of two storage batteries carried on the back and a system of vari-colored lights suspended from the chest, have been ordered, Mr. Harris said. The lights are operated by push buttons on the belt.

DRIVER OF BOMB RIG IS HELD AT SCRANTON

Has Been Identified as Leading Figure in New York Explosion

Chief Flynn May Take Personal Charge of Investigation

(By Associated Press)

Washington, April 21.—Thorough investigation into the case of Tito Luigio, held at Scranton, Pa., on suspicion of complicity in the Wall street bomb explosions, is being made by the Department of Justice, William J. Flynn, chief of the Bureau of Investigation, said today.

Luigio has been identified by several persons, Flynn said, as the driver of the wagon, on which the explosives were supposed to have been carried into Wall street, but the identification is not regarded as entirely satisfactory, and careful investigation is being made.

Chief Flynn indicated he might go to Scranton and take personal charge of the matter.

TWO DIE IN CLEVELAND EXPLOSION

Woman And Child Killed And Score Injured.

(By Associated Press)

Detroit, April 21.—Police late today began an investigation of a mysterious explosion on Detroit's West Side this afternoon that caused the death of two persons, injured a score of others and caused property loss running into the thousands.

The explosion occurred in a small shed in the rear of the Gustav Hermann soft drink parlor, Lawrence Burnett, 57, at play in the yard of his home was buried beneath wreckage and killed.

Mrs. Hermann, wife of the owner was blown to bits. This was established by means of clothing found two blocks away.

Three business buildings and five homes were wrecked. Most of the injured were taken from demolished homes.

The cause of the explosion had not been determined tonight. An unidentified girl about sixteen years old was made deaf and dumb by the explosion.

PRINCIPLES ACCEPTED BY FRANCE AND JAPAN

(By Associated Press)

Washington, April 21.—Japan and France are understood to have accepted the American principles of distribution of the former German-Atlantic and Pacific cables at a session of the International Communications Conference held late today at the State Department.

While details of the operation of the cables to be allocated have yet to be worked out, the acceptance of Japan and France of the American view is expected to make possible an early agreement on all such questions.

Actual working out of the distribution of the Pacific cables, by which it is understood the United States will receive the line from Guam to Yap and Japan that part of the line from Yap extending formerly to Shanghai, it was indicated tonight will be deferred pending the clearing up of the status of the island of Yap.

In addition to the cable from Guam to Yap and that from New York to Brest, now in possession of France, the United States is also expected to receive from Great Britain the cable now extending from Halifax to Penzance and which, previous to the war, was laid from New York to Emden, Germany.

The following case is but one of many occurring daily in Washington C. H. It is an easy matter to verify it. You cannot ask for better proof.

Roy Ross, clerk, Peabody Ave., Washington C. H., says: "Last spring I had an attack of kidney trouble. My back became weak which made it quite impossible for me to do any lifting. Frequently, sharp pains went through the small of my back I finally began using Doan's Kidney Pills and I got good results right away. It wasn't long before I was rid of the trouble."

It was plain that the task of carrying the package was a laborious task for one so handicapped.

School had just let out for the noon hour. The old man seemed lost in the whirl of youngsters that came tramping along the street.

Just like it happens in story book takes a bright little chap stepped forward and asked if he might carry the old man's burden, much to the relief of the aged burden bearer.

Concurrence

(By Associated Press)

Columbus, April 21.—The house of representatives today adopted the Archer joint resolution redistricting the State Senatorial districts, making a number of changes in the districts as they were marked out by the Senate.

The resolution will have to go back to the Senate for concurrence in the house amendment.

Under the plan adopted by the house Clinton county is placed in the Fourth district with Adams, Highland, Pike and Scioto county. Ross and Fayette counties are placed in the Ninth district with Pickaway, Madison and Greene county.

At the present time Fayette county is in the Fifth-Sixth Senatorial district with Greene, Ross, Clinton and Highland counties.

SHERIFF'S NEGLIGENCE SAVES MAN'S LIFE

(By Associated Press)

Washington, D. C. April 21.—Senator Lodge of Massachusetts, the Republican leader, defended Mr. Harvey, describing the ambassador as "an American through and through" and the attack on him in the Senate as "a sorry piece of political tactics". He added that the appointment had come to Mr. Harvey "without suggestion or application" from him.

HILLSBORO HAS MORE TROUBLES

Hillsboro is having more trouble with her water supply, and like misfortunes generally, the present misfortunes have come in a bunch.

A new test well, which was to have been drilled 200 feet for pure water supply, was stopped at 140 feet when salt water was encountered, and will be abandoned or cased and drilled deeper.

On top of the salt water in the deep well came report from the insurance inspectors which calls for increased rates because of inadequate fire protection, the need of greater reserve capacity, better boilers and other improvements were mentioned.

210 MILE STRETCH OF GOOD HIGHWAY

When a stretch of the National road between Summerford and West Jefferson is completed in reconstruction it will mean the realization of a long dream of a fully improved highway of 210 miles across the state from Bridgeport in Belmont county on the Ohio river to Richmond, Ind.

The completion of a continuous cross state roadway is the aim of both Governor Davis and Highway Commissioner Leon C. Herrick. The latter announced Saturday, after a conference with the governor, that every effort will be made to rush the remaining unimproved strips to completion before winter.

This road will connect at Wheeling with the improved national road running across West Virginia, Pennsylvania and Maryland to Baltimore. On the west it will go through the state of Indiana.

In addition to paving the unimproved stretches, Commissioner Herrick will repave certain sections which were improved under methods which will not stand up under the

wear and tear of heavy truck travel. Cities touched by the roads are Wheeling, Cambridge, Zanesville, Columbus, Springfield and a number of smaller places. Commissioner Herrick said that this road carries probably more traffic than any other road in the state and for this reason there is great need for its early completion.

FROSTED TREES MAY BE WORTH SPRAYING

While recent frosts have done wide-spread injury to fruit trees, specialists recommend that orchardists carefully examine their trees to see if enough live fruit may not remain to warrant spraying. If in doubt, it is recommended that the trees be sprayed anyway. Experience in Ohio has shown that many orchardists who have omitted spraying following a severe frost have later harvested a fair crop of wormy fruit.

It is time for the application of the petal-fall spray just as soon as the bloom has fallen. During the week following bloom-fall this spray should be applied when the foliage is dry. It is the most important spray of the season, and prevents the codling moth worms from entering the blossom end of the apple during the entire summer.

CLAIM BERRIES ARE NOT INJURED

Blackberries and raspberries were not injured by the recent cold weather, according to reports from the big berry districts in the hill counties of Ohio.

Particularly are prospects bright for a bumper blackberry crop, and if the crop comes as expected there is every reason to believe that tens of thousands of bushels of berries will be produced in the hill counties of the state, with the usual large amount going to waste in the less accessible districts.

FEATURE ATTRACTION AT WONDERLAND

Ralph Ince in "The Highest Law" is the feature attraction at the Wonderland theater this week, showing for the last time Friday, both matinee and evening.

It comes as a great production, approved by schools, clubs and literary organizations, and the management is delighted to have gotten it.

Ince manages to get every throb out of the dramatic scenes and his portrayal of Lincoln is nothing short of wonderful.

The story is very human—a leaf taken out of American history which shows the best beloved man of the country as the humane head of the army. A young boy of eighteen desires to visit his dying mother and is

arrested at her bedside. Lincoln learns the circumstances and rescues him from the firing squad. There is a strong love interest and locations and settings are historically accurate.

Protection—Cure

The government is investigating seriously plans for protecting the United States mail in transit and in the postoffices throughout the country. Millions of dollars have been lost, during the last two years, because of the success bandits have had in holding up railroad trains, postoffices and transfer trucks.

New methods of railway mail car and transfer truck construction, designed to keep the mail safe from robbers, are being sought for by and offered to, postoffice department officials by the hundreds. In many cities the employees of the postoffice, are being drilled and armed to guard the valuable mail from "holdup" men.

And while this work of preparation against the activities of bandits proceeds, we in this wonderful country of ours, accept conditions, and deal with them, as they are, giving them, apparently, but little more than passing concern.

It is amazing when we do pause long enough to consider conditions. Ten years ago—five years ago—any man who would have suggested that such conditions would or could come to pass in the United States, would have been regarded as a fit candidate for the insane asylum.

What is to be done now that we actually are menaced by bandits and robbers? That's the big question.

Doubtless the authorities are right in their endeavors to establish better protection for the mails. After all, though that is merely temporary treatment. It falls far short of going to the seat of the trouble.

The only remedy for conditions is to bring about a change in the mode of living and the thought of individuals. We must have something more effective as a remedy for evil conditions than guarding against the consequences of a malady which has grown into menace.

Too many people are living beyond their means, too many people are spending more than they earn honestly—that's what makes bandits and thieves. Too many people, having forgotten the consequences of the hereafter, are willing to "take a chance" on being able to escape man-made laws and outwitting human officials. It is those people who become reckless and are willing to gamble with this life. Realization of the consequences to come hereafter would halt many a desperate criminal.

The cure for the present malady is more economy, more right living and more good old-fashioned religion for us all in our daily lives. That's the real cure. The new fangled mail cars and transfer trucks, the drilled office force with sawed-off shot guns will check some desperadoes for a time, but the permanent—the only—cure must be effected by different methods.

We need a cure more than protection.

Notice to Tax Listers!

Under the law each person, owning or controlling personal property on the 10th day of April, shall list same for taxes on or before May 1st.

Tax blanks for the listing of such property for the year 1921, will be mailed to the rural listers on the 8th of April.

In the city of Washington blanks will be delivered at the homes during this week, so that they may be filled out and returned to the county auditor's office as early as possible after the 10th.

Each return must be signed and sworn to.

For failure to list as directed the law provides penalties to be applied.

Listers are asked to co-operate with the officials in getting their returns in promptly so as to expedite the great volume of work that has to be done.

You are invited to call on our assistants in the Auditor's office if you deem it necessary.

Guardians, administrators and executors of estates should make their returns early.

The farmers are asked to fill out the agricultural statistics and return with their blank.

All questions on blanks are to be answered in full before return can be accepted.

POETRY FOR TODAY

THE APRIL SYMPHONY

April time is song time! Now,
The orchestra of Spring
Is tuning up—its feathered choir
Starts gayly practicing;
With shrill arpeggios and scales
The budding forest rings.

The drummer of the overture—
A young wood pecker he—
Beats quick time with his tat-tat-tat.
From a convenient tree.
And blue bird calls rehearsal to
This woodland symphony.

Brave Robin Red pours out his heart
In solo singing clear,
While timid thrush and sparrow
chirp,
The half-waked earth to cheer.
Oh, April time is song time, as
It comes but once each year!

HARDING PLANS TO ASSIST AMERICAN BUSINESS ABROAD

Point Stressed by Senate Advocates of Colombian Treaty

Great Oil Fields Awaiting Development in Latin America.

BY MARK SULLIVAN
(Copyright 1921)

Washington, April 21.—Those Republican Senators who have supported the Colombian treaty are moved chiefly by a sense of responsibility. They are looking to the future, and they know this thing must be got out of the way. Senator Lodge came near to expressing the heart of it when he said:

"I think, and better judges than I agree with me, that the ratification of this treaty will lead to a prompt additional treaty of commerce and amity with Colombia, which will improve our opportunities there of making secure the concessions we now have."

At another point in his argument, Senator Lodge made clear the new policy of our government so to conduct its relations with foreign Governments as to further the interests of American business men operating in those countries. He said that inasmuch as other countries do this, it is essential for the United States to do it. At one point in his speech he said:

"The indications are very strong that the very large oil fields—perhaps the largest in the world—are on the point of development in Venezuela and Colombia. American companies have already started in Colombia but they will pass into the hands of the powerful British combination if our people cannot at least understand that they will be protected against wrong and injustice if they invest in countries other than our own for the purpose of furnishing the United States with oil and enlarging our commerce."

"I believe one of our companies in Colombia has already been obliged to seek financial aid, and it has been given to it by Great Britain or by British interests. This is one of the important features of good relations with Colombia and with all South America, but particularly with those countries in the north where the oil fields are believed to lie. These are some of the arguments which seem to me very strongly to justify, in fact to demand, the ratification of this treaty."

Support for American Business

It is a fact that the present Administration proposes to adopt toward American business operating in foreign countries a degree of friendly support which they have not always had in the past. Again to quote Senator Lodge, "Our Government in the past has in certain cases actually gone to the point of taking the position that an American citizen or an American corporation making investments in another country was not entitled to any protection; that they were to be frowned upon instead of being encouraged. I regard this as an absolutely false policy."

It is recognized that if we are to stand up strongly for the rights of our own people in Latin America our first step should be to recognize generously any claim that these countries may have against us. It was brought out in the debate that whatever the merits of what we did in connection with Panama Canal, the result has been widespread suspicion against us throughout all Latin America. The doing away with this suspicion was the chief motive of most of those Republican Senators who supported the treaty.

No one could follow this debate on the Colombian treaty without feeling appreciative of the thought and hard work that Senators on both sides of the debate put into it. The arguments of Senator Knox, Senator Pomerene, Senator Borah, Senator Kellogg, Senator Lodge and several others reflected the fact that many days of hard work must have gone into the examination of the enormous quantity of documents bearing on the history of this episode.

It might well be conceded that those Democratic Senators who put their support on the restricted basis that a loss had been inflicted on Colombia and that she ought to be compensated had the easier field in which to argue. Also, those Republican Senators who stuck to the ground that paying money to Colombia would be insulting Roosevelt's memory had the easier field in which to argue.

It was an embarrassing time for those Republican who had opposed the treaty when it came in under

Wilson's and Bryan's auspices, but who now favored it. Their claim that the treaty had been sufficiently altered to make it palatable by the omission of words of apology met with a good deal of sarcasm from those who pointed out that the payment of money is in itself an act of apology more eloquent than words. Nevertheless every just listener felt drawn to those Republicans who, in a difficult situation, accepted responsibility for the country and the future in a broad way.

A good dose of outdoors would cure almost anything, says Faru Life.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 15c and 30c a box

ABLE TO DO HER WORK

After Long Suffering Mrs. Siefert Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Pottsville, Pa.—"I suffered with female trouble for four or five years and was very irregular. I was not fit to do my work at times and took medicine from a doctor and got no benefit. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and took it and got all right. I gained twenty pounds or more and am now able to do my work. I recommend the Vegetable Compound to my friends and you may use these facts as a testimonial."—Mrs. SALLIE SIEFERT, 313 W. Fourth Street, Pottsville, Pa.

The everyday life of many housewives is a continual struggle with weakness and pain. There is nothing more wearing than the ceaseless round of household duties and they become doubly hard when some female trouble makes every bone and muscle ache, and nerves all on edge.

If you are one of these women do not suffer for four or five years as Mrs. Siefert did, but profit by her experience and be restored to health by Lydia E. Pinkham's Vegetable Compound.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

With tulips, jonquils and carnations adding fragrance and effective color to the attractive rooms of Mrs. G. W. Blackley's home, fifty women in attendance and a most interesting program the April meeting of the Woman's Missionary Society of the First Presbyterian church was a most successful one.

Entertaining with Mrs. Blackley were Mesdames Rell G. Allen, Mary Rodgers, Charles Briggs, Roy T. McClure, Albert Barney, J. J. Zimmermann, Frank Flee, Katherine Wissler, Paul Palmer, Mary Patton, Maring C. Myers, W. W. Barnes, N. B. Hall, Thomas S. Pinkerton.

Mrs. Austin F. Hopkins presided during the business session and the giving of intensely interesting reports from the recent Presbyterian meeting in Greenfield. Mrs. Will H. Brown was program leader, the months subjects "American Negro" and "Africa."

Mrs. Frank M. Fullerton presented a splendid paper on "The Negro as an American Asset."

She brought out the development of this race when given opportunity and education. It has made more progress than any other race.

The colored people have 42,500 churches; many of them are engaged in various professions, and their real contribution to civilization is becoming recognized.

The writer spoke of noted men of this race—Paul Lawrence Dunbar, the well known poet, called the "Burns of American Literature"—Metha Fuller a famous sculptor; Henry O. Tanner, a recognized artist—Samuel Coolidge Taylor an expert musician, Harry T. Burley, one of their greatest singers.

Mrs. A. C. Kiester read one of Dunbar's beautiful poems charmingly, "Lights in Dark Places" was the subject of an exceedingly well written paper by Mrs. Jess Persinger.

Africa was once regarded as the most difficult field for missionaries. The American Board of Missions first landed on the Western Coast and, despite the earnest desire to go into the interior, was for a long time held back by the tribes on the coast.

The people of Africa have responded well to the Christian teachings and thousands are attending services conducted by mission stations. At one station there is a good industrial

school—the largest Presbyterian church in the world is in Western Africa.

The hostesses served dainty refreshments and the women lingered in enjoyable sociability.

The Mothers Circle is adding to the long list of its kindly deeds a thoughtful one in entertaining at the High School Auditorium to see "The Little Clown" Thursday night all the children of the Children's Home. To say the children of the Home are wild with delight is putting it mildly and the picture is one of the most fascinating that could have been chosen.

Eighty members and guests of the Ladies Aid of the Church of Christ assembled in the home of Mrs. Maude Perry, Wednesday afternoon.

A special effort had been made to have the members of the home department of the Society present, one of whom Mrs. Elizabeth Smith had charge of the devotionals.

After the opening exercises the older members gave some interesting experiences relating to early history of the Society, at a time when their work was accomplished without the aid of either telephone or automobile.

After the business session in charge of the President, Mrs. L. A. Mark, the social committee took charge the members of which had given much time and effort to make this one of the best social sessions.

Mrs. Jasper Blackmore contributed a pretty vocal solo, Mrs. Orland Toops and Mrs. J. C. Michael a duet.

A delightful little playlet, "Maidens All Forlorn" was presented by Misses Ruth Culbertson, Ruth Sellman, Mesdames Hughey Thompson, Will Sowders, Cecil Van Gundy, and Ola Bush. This playlet was quite entertaining and the parts were well taken. The refreshments were particularly delicious.

An item, culled from the column "Watching Ohioans Run the Government" by Louis Ludlow in the Columbus Evening Dispatch will be of interest to local readers.

"Six winsome Ohio young ladies have been honored with appointments as pages at the Continental Congress of the Daughters of the American Revolution, which is to hold the boards here this week. They are Miss Jean McL. Howat of Washington Court House, Miss Dene Marie Herrif, of Kent, Mrs. Charles F. Ryan of Mt. Vernon, Miss Charlotte Marie Seibel, of Ravenna, Miss Catherine Shields, of Toledo, Miss Mary L. Weston, of Tallmadge."

The Woman's Home Missionary Society of the McNair Memorial Church met at the home of the President, Mrs. Ella Campbell, Wednesday afternoon with a good attendance.

Devotionals were conducted by the president, Mrs. Campbell and Mrs. W. A. Sanders, delegate to the Presbyterian at Greenfield gave a splendid report.

Interesting papers were read by Miss Grace Shillings and Mrs. T. E. Clemmer, on the topics of the month. The meeting in May will be held at the home of Mrs. Clemmer on East Temple street.

The annual Spring Music Festival of Mt. Sterling is being held Thursday and Friday.

A very charming series has been planned. Thursday evening, April 21, Florence Evans and William Meldrum of Cincinnati give one of their delightful programs. Friday afternoon, April 22, Wilbert Maddox, Edith Corkright and Mildred Gardner Blaupied of Columbus will give a fine popular concert followed in the evening

by that rare chorus, the Musical Art Society of Columbus under the scholarly baton of Richard Samuel Gaines.

If the weather permits a number of our musical people may drive over to Mt. Sterling to take advantage of this opportunity to hear these beautiful programs.

A large crowd enjoyed the dance given by the Sunflower lodge K. of P. at Jeffersonville last night.

Couples were in attendance from Sedalia, Jamestown, Bloomingburg and Washington.

Harvey's Orchestra furnished splendid music and another dance was announced for Wednesday night May 4th.

Rev. Karl B. Alexander performed the ring ceremony which united in marriage, Miss Ola Eubanks, daughter of Mr. and Mrs. William Eubanks, and Mr. Thomas Kising, son of Mr. Henry Kising of Good Hope. Wednesday afternoon at three-thirty o'clock at the Eubanks home on Western avenue. Only members of the immediate families were in attendance.

The bride was becomingly gowned in suit of navy blue with hat and blouse to match. Fastened at her waist was a lovely corsage of pink roses.

Following best wishes, the couple left for Greenfield, where they will visit the bridegroom's brother, Mr. Alva Kising and family before going to their home in Columbus where Mr. Kising is employed by the Inskeep Manufacturing Company.

The announcement that the great Russian actress Mme. Alla Nazimova is contemplating returning to the speaking stage, if she can find a play suited to her, is being received with regret by her screen admirers.

Mme. Nazimova has been with the Metro Company at Los Angeles for three years. She declares the spoken drama affords the artist much more satisfaction than the screen.

Mme. Nazimova will go to New York to join her husband Charles Bryant.

Mrs. Juanita Nisley of the Creek Road extended the hospitality of her home to the fortnightly meeting of the Sugar Grove W. C. T. U. with twelve members and two visitors in attendance.

Sonora music opened the meeting. Mrs. Elva Post conducted the devotionals, which were followed by the business session, Mrs. Ruth Sturgeon the secretary, reading the business letters.

The president urged the members to attend the W. C. T. U. meeting at the High School Auditorium, Wednesday afternoon April twenty-seventh. The next regular fortnightly meeting will not be held, and it is urged that there be a good attendance at the meeting of Wednesday afternoon. Mesdames Pearl Darlington, Augusta Haines, Elsie Hopkins, and Miss Minnie Brakesfield read.

Mrs. Haines and Mrs. Ivah Dill assisted Mrs. Nisley in serving tempting refreshments.

Mrs. A. A. Hyer entertained at a particularly pleasurable dinner Tuesday, honoring three birthdays of Mrs. Mary A. Stafford, her own and her daughter, Mrs. L. C. Barlow, of Columbus.

Mrs. Stafford was the special honor guest by right of her having reached the ninety third milestone in such possession of health and faculties as comes only to those especially favored.

Tulips and spring flowers beautified the table and the dinner was a most excellent one.

Also coming from out of town to celebrate this natal day were the youngest daughter, Mrs. Albert Bachert and little daughter, Helen, of Springfield; Mrs. Nina Porter and Miss Emma White, of Springfield, and Mr. Joe Hare, of Staunton.

Mrs. Harriet Taylor Upton, of Warren, Ohio, widely known suffrage worker and club woman now Republican committee women from Ohio, swung the broom in the State Capitol the first of this week and was accredited with using regular house-cleaning methods in wrestling results from officials. Those who say that woman knows nothing of the fine points of the political and governmental game changed their mind after watching her.

According to a Columbus reporter: "Mrs. Taylor stood things about Ohio's historical Capitol on their heads and did things in a few moments that seasoned politicians have not been able to do in weeks of winter days."

"In the first place, this morning she burst in upon Harvey C. Smith, Secretary of State who was watching things in the Governor's office while the Executive was detained at the Executive Mansion by illness. She had him issue a statement that he did not believe in extending the terms of County Central and State Central Committees by two years, so that women should be shut out from membership."

"The Elections Committee of the House of Representatives capitulated, too, after Representative M. J. McNamara, of Hamilton county, led the revolt."

"She also burst through the plot to compel all voters to record partisan affiliations when they register, and Secretary Smith reiterated his opposition to this proposition."

"Later came word that the Elections Committee was ready to concede this much to the independent forces."

"But Mrs. Upton's triumphal march was not done. She sat as a veritable twenty-four-hour Napoleon of politics along the side lines of the Senate, and, by comparison, George H. Clark, of Canton, Republican State Chairman, who came here with her seemed to be insignificant as a factor in the equation, although he carried Ohio for Republicanism by 400,000 last fall. She was invited to address the Senate in session an honor reserved for few, and she talked plain politics."

"She reminded those possessed of power that the Republican women were not married to the Republican party; that they merely had associated themselves with it, and that they could disassociate themselves at will. Thus, she declared, women had to be consulted."

"She demanded the passage of the Bing educational bill and the Schriener minimum wage bill and the defeat of the term extension for committeemen. She pointed out that Governor Davis had supported the minimum wage bill, and said its enactment is urgent."

"If she remains about the Capitol another day old hands at the political game may be willing to solicit her to give lessons in generalship and statecraft."

American girls who in perfectly good faith are answering "help wanted" advertisements, from South America, upon arrival there often have to appeal for help. "Among our southern neighbors, business opportunities for girls similar to those in this country, are not only scarce, but are difficult to investigate from here," says Miss Irene Sheppard, Secretary of the Y. W. C. A. in South America, now in New York, after seven years' residence there.

"The best way is to go on contract with an American firm," advises Miss Sheppard. "Don't float down on speculation as so many girls to their regret have done. A contract usually calls for two years. In considering work in South America, girls must bear in mind that conventions and customs are very different from those at home. Living is high and life for the unprotected woman is everywhere difficult."

Another business woman advises girls who are particularly anxious to go to South America, first to go

(By Associated Press)

Chicago, April 21.—Legislation directing the Secretary of the Treasury to turn over \$100,000,000 of the profits of the federal reserve banks to federal banks, to be loaned to the latter institutions on stock cattle for the purpose of assisting cattle producers, has been recommended as a part of the congressional program by W. P. G. Harding, governor of the Federal Reserve Board, according to a statement today by Everett C. Brown, president of the National Livestock Exchange.

Enactment of such legislation, in the opinion of Mr. Brown, would enable a multitude of livestock men, "who might otherwise have been forced out of the business, to continue production."

FIVE YOUTHS OBTAIN \$25,000

(By Associated Press)

Chicago, April 21.—Five youthful bandits in an automobile this morning held up John Amberg, vice president of a real estate firm, and escaped with \$25,000 he was taking to a downtown bank.

PEGGY MARSH AND SON LOSE LEGAL FIGHT

Springfield, Ill., April 21.—Henry Anthony Marsh, son of Henry Field, of Chicago, and Peggy Marsh, is not entitled to inheritance of the Marshall Field millions, the Supreme court decided today in ruling that the Marshall Field will specifically exempts from inheritance any illegitimate offspring.

BROADSIDE IS TURNED LOOSE BY GOVERNOR

(By Associated Press)

Columbus, April 21.—From the sick bed at the executive mansion where he is confined on account of an attack of tonsillitis, Governor Davis issued a statement today charging that "the hand of some of the public service corporations of Ohio seeking control of the state government," is plainly to be seen in proposed hostile steps against the state reorganization.

Governor Davis announced that "the rule or ruin policy of the Democratic party and efforts of the Public Utilities Commission to prevent reorganization will be fought unyieldingly" by him.

The governor said he would sign the reorganization bill as soon as it reaches him. "When it comes to a fight between these public utilities corporations and the 'rule or ruin' Democratic party on the one side and the people on the other, prefer to be lined up on the people's side" the governor declared.

DEATH OF FORMER LOCAL TEACHER

Miss Katherin Laughead, aged 54 years, for almost twenty years a school teacher in the schools of Sullivan county Ind., died at the home of her sister, Mrs. Mary M. L. Jones, widow of the late Wm. H. Jones, Jr., in Gill township Tuesday, April 5th at about 3:30 o'clock after an illness of about three weeks with uraemic poisoning.

Miss Laughead was a teacher in this city from 1896 to 1899, and made her home here for some time and many friends will regret to hear of her death. She was the daughter of C. B. Laughead and was born at Middleport, O., graduating from the High School of that city and later from Buchtel College, Akron, Ohio.

In 1899 she moved with the Jones family to Sullivan County, Indiana, and during her entire period of residence made her home with that family on the big Jones farm in Gill township. She also owned a farm in the same township.

Miss Laughead was a prominent teacher and for ten years superintendent of the centralized schools of Gill township.

Funeral services were held from 10 to 11 o'clock and interment made in the cemetery at Meron, Indiana, where Miss Laughead had taught a long term of years. The Eastern Star, of which she was a member, conducted ritualistic services at the grave.

BUTTER PRODUCTION ON THE INCREASE

With early grass in abundance and larger herds of cows than ever before there is every indication that the dairy business in this part of the country will establish new high records for production.

Some idea of the magnitude of the dairy industry in this part of the nation may be gleaned from reports that the big plant of Sunlight Creameries has increased its shipments fifty per cent over last year and is producing at the rate of 7,000,000 to 8,000,000 pounds of dairy butter annually, or upward of 500,000 pounds weekly, besides shipping tens of thousands of dozens of eggs and manufacturing ice cream for sale within a large radius.

MAY FIRST LAST TAX LISTING DAY

May 1st is the last tax listing day, and every person with personal property returns to make must have the blanks properly filled out and returned to County Auditor Pine's office by the last day or be liable to penalty provided in such instances.

So far the returns have been reaching the Auditor's office in large numbers, and already a large part of the returns have been filed. Auditor Pine urges everyone to make every effort to fill out the returns before applying at the office for aid, but this assistance will be furnished whenever necessary to help the tax lister.

THEY NEED PEPTO-MANGAN

Red-Blooded, Healthy-Looking Folks Get Along Well Because They Feel Good

There is a thrill in glowing good health. You see it in the enthusiasm and good cheer of congenial people. Fatigue, bad color, dull eyes and listless feelings do not attract other people. You are not congenial when you are rundown.

Nearly everybody gets out of sorts occasionally. They are positively unhappy for weeks and constantly tired and gloomy. Perhaps you are that way and can see no reason why. But there is a reason. More than likely it is because of bad blood. Temporarily your blood needs help. Pepto-Mangan is a well known and very successful remedy for poor blood. It supplies what your blood needs. You pick up and become your old self again; your blood works as it should, keeping you fresh and alert, congenial and happy and strong.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients. One is as effective as the other.

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without the name "Gude's" it is not Pepto-Mangan.

WORK ON DITCH AT NEW HOLLAND

Cement Bridge is Dynamited to Make Way for Big Dredge. Many Acres of Land are Being Reclaimed.

Following the dynamiting of a cement culvert as part of the work in the improvement of the joint county ditch at New Holland Wednesday afternoon, traffic must detour for several days through the back streets of that town.

The removal of the bridge was made necessary in order that the great dredge might cross the pike and proceed with the work, it is stated.

As soon as the dredge crosses the road a temporary bridge will be placed and later, when the improvement through New Holland is made by the State Highway Department, for which plane are under contemplation a permanent concrete bridge will be erected, it is stated by County Surveyor Frank M. Kennedy.

The improvement of the joint county ditch, or "Mud Run" as it is commonly known to the people of the community, was launched two years ago. Delay has been unavoidably caused by misfortune and accidents of the contractors and partly through unfavorable weather, it is stated.

The main drain is about five miles long, there are above five miles of lateral, or branch drains.

Many acres of land in the New Holland community which are now practically worthless will be reclaimed. The frog pond near the Pennsylvania depot will be eliminated.

Petition for the improvement was filed more than five years ago and three years of that time was spent in preliminary hearings and litigation.

BLIND MAN TAKES PART IN CIRCUS

A sight out of the ordinary may be seen each morning at the Y. M. C. A. On the gymnast James Kneisley, blind, noted as a violinist, is getting in shape to do a stunt for the 'Y' Circus, which shows here April 27-28.

Under the direction of A. C. Keister physical director, Kneisley is in training on the parallel bars. In spite of his handicap he is rapidly learning stunts and performs them with ability.

A street parade will be given by the "circus" next Saturday afternoon.

Breeders and Feeders

It gives me pleasure to announce that, because of reductions in the cost of all standard brands of serum, I am making a corresponding cut in the price.

Am sure it will pay you to call me before arranging for immunizing work.

Just remember, however, that price is not the sole consideration; better stand by the tried and true; if you are solicited to make a change, think twice; then decide to let well enough alone.

I have had a longer and larger experience with hog work than any other veterinarian in Ohio, and am the only graduate licensed practitioner in the state who devotes his time and attention exclusively to the hog.

Permit me further to announce that I immunized more than 30,000 pigs in 1920 without one single "break".
